Deepshikha College of Technical Education conducted a Debate Competition on Theme "**वर्तमान समय में अंतराष्ट्रीय स्तर पर हिन्दी की प्रासंगिकता**" on 23 September 2023, at DCTE auditorium, from 12.30PM to 3.00 PM for the students of B.Sc B. Ed/ B. A. /B.Com/B.Ca/B.Sc. The event was organized by Mrs. Yashkirti Sharma (Faculty of Botany) & Mrs. Anju Sharma (Faculty of Arts).

In the present era, many new dimensions have emerged in the use of Hindi in the field of science, technology and computers, due to which Hindi has got a new identity at the national and international level.

Mahatma Gandhi during the freedom struggle had described Hindi as the national language and called for its adoption.

The aim of organizing debate competition was to hone the public speaking skills of the students and teach them to be articulate while expressing their thoughts and opinions. The session was the kaleidoscope of opinions, thoughts and perspective that enhanced the knowledge and understanding about the relevance of Hindi in international level in present time.

In this debate, the pro- Hindi side states that having a national language would unite the entire country, whereas the anti-side says that the imposition of Hindi would put non-Hindi speaking people at a great disadvantage. They refer to India's diversity to state that when there is no single language spoken by the majority in India, then how one language can unify India.

Language is an important means of exchanging ideas. It is not possible to imagine a society in the absence of language, because it is only through the exchange of ideas that people give each other the opportunity to speak and thus they become closer to each other and this closeness creates a healthy society. Therefore, it goes without saying that language is the medium for the emergence, progress and development of society. Hindi is our national language.

Points presented were accepted by the spectators with cheers and claps. Some of the points even made us think about the facts. There was so much talent in the room. Arguments were made and roved. The competition was so interesting with the exchange of student's perspective by equally stating the merits and demerits of going for relevance of Hindi.

The English also has relevance globally its use benefits a developing country like India. The Hindi should not be imposed till the non-Hindi speaking states agree to it.

Hindi is not the natural language of a majority of states in India. These include Kerala, Tamil Nadu, Andhra Pradesh, Telangana and Karnataka in the south; Goa, Maharashtra and Gujarat in the west; Punjab and Jammu & Kashmir in the north-west; Odisha and West Bengal in the east; Sikkim, Arunachal Pradesh, Mizoram, Tripura, Nagaland, Manipur, Meghalaya and Assam in the Northeast These make 20 States of the existing 29 States. Declaring Hindi as the national language would definitely benefit a north Indian (as Hindi is the most prominent language in the region) over citizens from the other regions. This disadvantage is removed with the use of English, as it is a neutral language not attached to any region.

Anti Side

Pro Hindi Side

The event was Judged by Mr. Nilesh Sharma , Faculty of Bca/Mca & Ms Archana Sharma (Hr department)

Teena Lalwani (B.Sc B. Ed III Year) -- 1st Position

Parth Vashishth (B. Sc I Year Pass Course) -- 2nd position
