ANALYSIS OF STUDENTS SATISFACTION SURVEY FEEDBACK

SESSION-2025-26

1. Feedback Collected:

During the session 2025-26 the feedback was collected from the Students through Google forms. Total 95 Students of B.Sc B.Ed submitted their feedback about the institution as well as the course curriculum. The feedback emphasized on following points:

- **Students' satisfaction with the teaching-learning process.**
- **Teachers' preparedness, communication and subject knowledge.**
- **Opportunities provided for learning, skill development and participation.**
- **Fairness and transparency in internal assessment and evaluation.**
- **Availability of mentoring, academic guidance and student support.**
- **Effectiveness of learning resources, ICT facilities and library services.**
- **Overall satisfaction with institutional facilities and the learning environment.**
- **Suggestions for improving the quality of teaching and student support services.**

2. Feedback Analysis and Action Taken Report- Students

Feedback responses were collected through online mode and compiled at the departmental level. Important suggestions, comments and remarks provided by the students for enhancing the course curriculum and incorporating technological advancements shall be considered for further course of action.

Student's Feedback Report 2025-2026

The Students Satisfaction Survey was conducted during the academic session 2025–2026 through Google Forms to obtain students' views on the teaching-learning process, academic support and institutional facilities. A total of 95 students participated in the survey.

The survey analysis indicates that the majority of students expressed satisfaction with the quality of teaching, curriculum delivery and academic support provided by the institution. Students appreciated the preparedness and communication skills of teachers, the fairness of the internal assessment process and the availability of mentoring and guidance. Most respondents were satisfied with the learning resources, ICT facilities and library services available to support their studies. Students also appreciated the opportunities provided for skill development, classroom participation and practical learning. However, a few respondents suggested strengthening digital learning resources, increasing practical exposure, organising more workshops and career-oriented activities and further enhancing student support services. Overall, the survey reflects a positive level of student satisfaction with the teaching-learning environment and institutional support.

Major observation and Recommendation

S.NO.	Questions/Categories	Parameters	Remarks
1	Do you use the campus facilities?	Yes	Campus facilities are used effectively.
		No	Campus facilities need better utilization.

20	If given a chance, are you willing to pursue another course in the college or advise your siblings/friends to study in this college?	Yes No	Indicates overall satisfaction and trust in the college. Suggest the need to improve students' satisfaction.

3. Action Taken- Based on the Feedback Received from Students

Based on the feedback received through the Students Satisfaction Survey, the institution has undertaken several initiatives to further improve the quality of the teaching-learning process. Greater emphasis has been placed on ICT-enabled teaching, interactive classroom practices and outcome-based education. Additional workshops, seminars, guest lectures, skill-development programmes and career guidance activities have been organised to enhance students' learning experience. Practical learning opportunities, mentoring and academic counselling have been strengthened to provide better support to students. The
